

Snow and School Closure Activities for P3 – 4
Newburgh Mathers School 2016-2017

Home Learning Information for P3 and P4

In the event of adverse weather, please encourage your child to access Discovery Education using the following link:

www.discoveryeducation.co.uk

Username: student14511

Password: perfect

There are a wealth of activities available which are linked to your child's learning.

The First Level sections for Maths and English would be most appropriate, although there are also sections which cover all other curricular areas. Please ask your child what they have been learning about in class recently in order to identify relevant learning tasks.

For example, if your child is working on addition and subtraction in Maths, log on and click on 'First Level'. Then select 'Maths', 'Addition and Subtraction', and choose any of the listed activities.

In Literacy, if your child has been working on apostrophes, log on and click on First Level. Then select 'English', 'Grammar and Punctuation', and choose the apostrophes task.
